AMERING THE CANALS SPEN.

We see in the papers that a man in New York proposes to see cana navigation open a Win. o Catho ics were not letter than we are!" fer, by leating the water by means of iron pines through which a current or not water is passed, and it was only after some time that he recover-A Norristown journa suggests that this will be a good thing if he nothing e see recause it with the vent the ice recommy so cot as to re uncomortane to sit on. But we may say, serious y, that we count the feasinity of the size man. the solton, and stay there until ie got we i. A Board and I odging at the Lowest Living Rate. The surject with too much evity. we can't wincec ine to a une to it at a . . . Max . fdeler.

"30 TO POT." A any of our commonest wores and parases, which have su fered it, e or no phonetic corruption, trace their origin to remote sources, the existence of which is only revealed by recomble listoric evicence. Jew o our remeis, we imagine, have ever thought it worth while to bestow any attention on the slang purase "Jone to not" (et uiva ent to "come to grie "; nor are we aware that cancicates have been required by the Civi Se vice examiners to exhounch its origin and orimary import and i ustrate the same by examples. Nevertheless, there units beneath this ocu ar expression the zhost o' a very tagic meeting. We earn from Processus that one orm of numan sacrifice among the North Germans consisted in easting the victim among thorns. From this encestra practice is man, esty ceriver the popular Westona ian sa ing-"Sie wi, come to the thorn bush," which is appier to a gir who preass the Samath by spinning too ate on Saturcay night. About those Gue ohs, ake the Sourbons, wi sti wan Fortmune, when the servant gir's have not inis sec their a offer quantity of fax on Saturday, they are but sitting upon a great hunce of t torns, which is aid in a wooden 102-troligh. nis norrive apparatus is called the not der poll; a sorse is your to it, and the un ortunate gir is craiged through the vi age amic the pers anc hootings o't le rable. n 1857, a gir who was about to sufer the torture and disgrace of suc 3 a junis ment, set fre to ber master's parn as the only means which despair suggested to her o civerting per tormentors rom their purpose.

A WOMAN'S SUCCESS IN ART.

When Ansa Son heur achieved clistinction as a painter o' norses ant catt e, grooms and noully nsoys, sic aic not a little to perprex the notions or knose who ancier that the artistic aculties of women were restricted to a narrow and, so to s sea c, cainty and eminine range o' su jects; insteac o' naving the who e fie c o' nature and the who e work of imagination open to them. The same c ass o critics must se sti more start ed by the success of a picture which has been shown this year at the Roya. Academy Exhibition in Engand. This picture, which had 'on its subect "Ca ing the do a era satte in the Crimen," was o' suc i striking merit as to attract unt sua altent'on. At the annua' cinner o' frie lova' Academy, which was attended by the Prince o' Wa es, Mr. Distae i, auc other ce esrities, specia mention was made of the pic ureby the rince in his speech -- a very unusual circumstance. It appears that the artist, Liss lompson, lac previous y painted chie y or the picture dea ers. One o' these, un ucai y or her became the owner of the painting be ore its extintion, at the price o £80. On the cay of the opening, he was offered \$1,000 for it, and it is reported subsequent wito have become te property of the Prince of Wales at a still nighter

Wiss ... 10m, 250n, wino, it is said, is not jet wenty-ive years o age, acree as a nurse dur ny the franco Jerman war, and formed a resoutt on at that time to paint a batte scene. It is satis actory to observe, however, that this reso ution was not s rich rica ried out.
